JUL 15 1955

The Honorable Harold E. Stassen  
Special Assistant to the President  
The White House

Dear Mr. Stassen:

In response to the request contained in your letter of July 8 for documents reflecting past studies dealing with inspection and control of armaments, I enclose a copy of Special Estimate 4, "Intelligence Implications of a Census and Verification of Armed Forces and Armaments," concurred in by the Intelligence Advisory Committee on 10 May 1951, and two copies of a memorandum of 29 October 1954 by our Board of National Estimates, indicating that a review of SE-4 found it to be still generally valid.

You will have received either directly or through Mr. [redacted] copies of recent IAC Estimates and CIA studies pertinent to the armaments problem. Should you desire additional related material, [redacted] will supply promptly any studies available in CIA.

Sincerely,

[redacted]
